

Introduction

About CLC

Founded in 1997, the Chinese Language Center (CLC) is a government-recognized center for teaching Chinese as a foreign language. CLC is located in the National Sun Yat-sen University (NSYSU) in Kaohsiung city. The NSYSU campus sits on 69 beautiful hectares right adjacent to the Hsitzu Bay, one of the popular scenic spots in Taiwan. Located alongside the Kaohsiung Harbor, the campus faces the open waters of the Taiwan Strait. With the lush and green hills of the Longevity Mountain as its backdrop, NSYSU provides a serene and inspirational environment for studies.

The CLC aims to cultivate students' Chinese comprehension abilities of listening, speaking, reading, and writing. The center not only provides Chinese language program for foreigners but also designs special programs to meet the needs of foreigners with advanced Chinese proficiency. In the past years, students from more than forty countries have attended the CLC programs. All levels of standard and classical Chinese as well as Chinese culture are taught here. Students will be able to use their Chinese skills to obtain more professional knowledge, to be competent in career, and to realize the essence of local culture. Whatever your motivation or initial level is, the CLC will do all it can to ensure that you make rapid progress.

Teaching Staff

The CLC consists of over 20 experienced teachers with at least the bachelor's degree. Each undergoes rigorous screening before being hired and receives specialized training in Chinese language teaching methodology. They are enthusiastic teachers with a genuine interest in Teaching Chinese as a Second Language. CLC instructors are well prepared to satisfy each student's needs and goals, and many of them are involved in developing new teaching materials. In addition, to enhance and maintain the teaching qualities and encourage our teacher to conduct further studies, the CLC holds workshops, lectures, and conferences on Chinese teaching pedagogy for the teachers.

Location and Facilities

The CLC is located on the fourth floor in the International Building. Every classroom is air-conditioned and with audio-visual equipment. Students who enroll in the CLC are entitled to use the library and computer labs of the university. Within a short walk are the gymnasium, the Histuwan Beach Recreation Center, and a restaurant facing the wonderful scene of the ocean.

There are badminton courts, ping-pong tables, a fitness center and a weight training room in the gymnasium. The athletic field, covering 14.8 acres, contains courts for tennis, basketball, badminton, and volleyball, a baseball diamond, and two swimming pools. A 400-meter track and field stadium is also on site. The most exciting of all may be the sports activities on the beach. All these are very good places for campus entertaining activities.

Administration

Chinese language classes at the CLC are open to persons who possess at least a high school diploma or its equivalent. Owing to the large number of applications each quarter and in order to allow our center enough time for newly admitted students to receive the letter of admittance and a visa, prospective students are encouraged to submit their application materials as early as possible. All

application materials must be received on or before the application deadline and will not be returned or recopied once submitted.

The CLC also offers tailor made **Intensive Mandarin program (IMP)**. These 2-to8-week classes are specially designed according to the requirements of each group of **8 - 15 students**. **Groups or Institutes interested in the program are welcomed to contact CLC at any time.**

Registration

Registration for new students takes place during the week before the beginning of a quarter. All registration arrangements must be completed by the students themselves. It is not possible to register or pay school fees by post or a representative. Students are therefore suggested to arrive at least one week in advance, just right before the beginning of each quarter. At present, the CLC is unable to accept bank transfers, and payment must be made in cash. Registration and enrollment consist of the following steps:

1. **Registration.** Students should present their admission letter, passport and visa, submit one 2-inch photograph, complete a form that includes the arrival and personal information.
2. **Tuition payment.** Tuition and mandatory health insurance premiums must be paid in cash (NT\$) at the CLC. The tuition fee is non-transferable. Students who apply for accommodation at school should pay the dormitory fee as well.
3. **Placement Evaluation and Class Selection.** In order to facilitate effective teaching and learning in small groups, all students who have ever learned Chinese before are allocated to classes on the basis of their performance on the placement test. This test is designed to ensure that students are placed in the group which is appropriate for their current level of Chinese. After taking the placement test, students will be evaluated on their overall Chinese proficiency and suitable classes will be suggested and arranged.

Note: Students who have studied for two years at CLC and would like to continue their studies here have to hand in a study plan.

Late Registration

The CLC encourages students to arrive in time for the regular registration, but students may register late if only when they notify the CLC in advance by fax (+886-7-5253039) or e-mail (alfc@mail.nsysu.edu.tw). The acceptable late registration period will be specified on their letter of admission. Late registrants should note that there may be a limited number of choices in classes. The staff members at CLC will do their best to help these late registrants to enter the classes most suitable for them but cannot assure that there will still be places in those classes.

Introduction of the Learning Environment

Before the new quarter begins, every student will receive a student pamphlet and notice for the beginning of the new courses. CLC will also hold an orientation, giving the information about visa extension or alteration. Besides, an introduction of the learning environment for the new students will also be held to help students get used to Taiwan and their school life.

Visas

Students who take courses for less than 15 hours per week are not considered full-time students and no Certificate of Enrollment for visa extension will be issued, in accordance with the regulations of the Ministry of Education. After the enrollment, students can apply for visa extension with the Certificate of Enrollment and Records of Attendance at the CLC (You have to attend the class for more than two thirds of the whole course hours).

A. Students applying from abroad

1. Students applying from abroad will receive a formal letter of admission and they should apply to the nearest office of Taiwan Foreign Affairs, consulate or representative agency for a visitor visa. Extendible and non-extendible visitor visas will be issued to students. Most visas allow the holder to remain in Taiwan for sixty days. The former may be extended twice for a maximum stay of up to 180 days. If the visa is non-extendible or when no further extensions will be granted, the holder must leave Taiwan and reapply the visa. If the visa is not valid for multiple entries, a new visa must be obtained from abroad.
2. Students should pay close attention to the date stamped by customs upon entry into Taiwan and complete their visa extension before the expiration date.
3. Please note that Taiwan's Ministry of Foreign Affairs sometimes requires students to have a guarantor or contact person before a visa is issued. According to the policy of the Ministry of Education, the CLC staff is not allowed to act as a guarantor.

B. Students applying in Taiwan

Please bring your Certificate of Enrollment and attendance record to the office of Taiwan Foreign Affairs, consulate or representative agency in Kaohsiung and apply for visa extension there.

C. Alien Residential Visas

After four months of consecutive study at the CLC, with good academic records (The absent hours should be less than 7 percent of the whole course hours), students who plan to continue studying at CLC for another three months may go to National Immigration Agency to apply for changing their visitor visas to alien residential visas.

Students who are absent for more than one-third of total course hours are not allowed to extend visa. Students who are absent for more than a quarter of total course hours are not allowed to apply for alien residential visa.

D. For those who hold a single-entry visa and would like to leave Taiwan during the period of study, please apply for a Certificate of Enrollment at the CLC before leaving Taiwan, and be sure to apply for a new visa with the certificate before entering Taiwan.

E. Notice for students who plan to study Mandarin in Taiwan for half a year

According to the visa regulations in Taiwan, foreign students can extend their visa to 180 days at most. If you enter Taiwan too early, your visa will be expired even though the course is not over yet. As a result, we suggest you enter Taiwan **one week** in advance, before the course begins.

F. Be sure that you understand the rules and regulations regarding visas before you leave your country. For further details, contact the nearest Taiwan embassy, consulate or representative agency, or check the following websites: <http://www.mofa.gov.tw> <http://www.immigration.gov.tw>

Academics

All classes at the CLC are conducted in Mandarin, our target language. Teaching at CLC focuses on developing students' basic language skills, including listening, speaking, reading, and writing. The teachers take the lead, encouraging students to join the learning activities actively. In accordance with the teaching contents and the students' backgrounds, the teachers will apply multiple pedagogies. The teaching materials are flexible and of great varieties, such as textbooks written especially for foreigners and general readers. Basically, materials which are suitable for and interesting to the students can all be selected as teaching contents. Audio-visual materials like TV news and movies are also among the choices of teaching contents.

Term	Duration	Type of class
1 st Quarter	March - May	4-10 students, 11 weeks/quarter 5 days/week, 3 hrs/day
2 nd Quarter	June - August	
3 rd Quarter	September - November	
4 th Quarter	December - February	
Summer Session	July - August	6 weeks, 25 hours/week

Program

The CLC courses are arranged on the basis of the quarter system. A year consists of four quarters, and a quarter consists of three months. Accordingly, our courses begin in March, June, September, and December every year. CLC also offers summer intensive courses of 4, 6, or 8 weeks in July and August. Every student has to take the placement test before entering the class and will be placed in the class most suitable for his/her own Mandarin level. Most students enroll in a class meeting of 3 hours per day, 5 days per week. Classes are made small, with **four to ten** students, because ***"The fewer students there are, the more chances of practice students will receive."*** If the student number is more than ten, the class will be divided in two.

Due to students' different language levels and needs, three kinds of courses are proposed. The Integrated Courses include 8 levels and aim to develop students' general language skills. The Improvement Courses provide conversation classes and reading & writing classes with respective focus on improving the proficiency of daily conversation and reading & writing abilities. As for the Practical Courses, students with advanced Mandarin proficiency are the main target students.

In addition, CLC also offer Cultural Courses and Individual Courses in accordance with individual needs. The CLC also offers tailor made **Intensive Mandarin program (IMP)**. These 2-to-8-week classes are specially designed according to the requirements of each group of **8 - 15 students**.

For students having difficulties learning Mandarin, the assistant teachers will also provide free one-on-one assistant class. We also provide free classes of Mandarin Phonetic Symbols -- ㄅ ㄆ ㄇ and The Origin of Chinese Characters every quarter, hoping to help students learn the Mandarin Phonetics Symbol and know the features of traditional Chinese Characters.

★Language courses for Children are available only in summer if there are sufficient applicants.

Certification

The CLC is a non-credit-granting institution. All courses at the CLC are offered on a non-credit basis. Students finishing the courses can apply an enrollment statement or a transcript.

Textbook

Besides the present common textbooks, CLC compiles its own teaching materials. By making Kaohsiung City and NSYSU as the background, CLC teachers write their materials with the focus on daily conversation as well as the local culture. Until now, CLC has completed Book I & II of *Stories of Mrs. Ding's Family*, *Basic Introduction of Mandarin Phonetic Symbols*, *An Introduction to Mandarin Pronunciation*, and *Mandarin Conversation I II III*, and all of these are used now in the CLC courses. We believe these teaching materials will help students apply what they've learned in their daily lives and increase their learning motivation.

All the classes are designed with great care and attention, in the hope of enhancing mutual understandings about different cultures.

Mandarin Chinese Courses for International Exchange Student

In order to cultivate “international horizon” of our faculty and students, National Sun Yat-sen University has made sister-school agreements with well known universities from countries around the world. Every year, more than fifty international exchange students come to NSYSU. In order to assist these exchange students to adjust to the life in Taiwan and to increase their interactions with local students, the CLC offers Chinese language curriculum tailored for them every semester. Students will be categorized into four levels: beginner, elementary, intermediate, and advanced. Classes will be held at noon two days a week (Tuesday & Thursday), two hours per day.
